

The following questions will be asked on the Medication Management Improvement System Assessment Survey. Before completing the survey, please have the information requested below readily available.

What is the number of Medicaid waiver slots allotted to your waiver program:

How many individual waiver clients were served PER MONTH, on average, over the past 3 months: _____

Number of supervisors: _____

Number of care management staff: _____

RNs: _____

LVN/LPN: _____

MSWs: _____

other Master's level staff: _____

other care managers: _____

% turnover experienced for care managers (including supervisors) in the last year:

“Care management staff” includes those whose job includes direct client contact for assessment, arrangement/coordination of services, or ongoing monitoring and excludes management, program directors, executives, office/accounting staff, and admissions staff. Supervisors who participate in care planning are considered to be care management staff.
